TO WHOM IT MAY CONCERN:

Re: North Central Office Technologies Inc.

Our recent experience in leasing a Canon Photocopier from Jamie French of NCO Technologies was a satisfying experience and made choosing the Canon machine quite easy.

Jamie's knowledge of the Canon equipment was extensive and he made sure the Canon copier was equipped with the functions that met the needs of our firm.

The training sessions on our new copier with Cheryl French went very smoothly and Cheryl was available off-site at any time if we had any questions about the new copier.

I would highly recommend dealing with North Central Office Technologies Inc.

Yours very truly,

Wood Bull LLP
